Hi [REDACTED]

The following are our current criteria, but this is subject to change at any time. One of the following needs to be met in order for us to consider priority allocation:

- Salary is above the high remuneration threshold
- Occupation is one that requires registration through a governing body and applicant holds current registration
- Employer is a government department
- Application is under the Residence from Work stream

The current exception to the above is if the applicant requires an National Security Check. Given current timeframes for these we do not priority allocate their application despite meeting any of the above criteria.

Kind Regards

Hi [REDACTED]

Thanks for the email. Can you please let me know what the criteria are for priority allocation? Just for future reference.

Kind regards,
